Donald Trump Espouses Dangerous and Hateful Antisemitism

Vice President Harris and Governor Walz are fighting for a future that strengthens our democracy, protects our freedoms, and ensures every person has the opportunity not just to get by, but to get ahead. Vice President Harris has demonstrated a lifelong unwavering commitment to Israel's security, fought the scourge of antisemitism, and will bring Jewish values into the White House.

Donald Trump is running to enact his extreme and dangerous Project 2025 agenda that gives him unprecedented, unchecked power to roll back Americans' rights and freedoms, hurt the middle class, and threaten our democracy. He openly demeans Jewish Americans, proudly dined with a neo-Nazi, and has made it obvious he would turn on Israel in a moment if it suited his personal interests — and in fact, he has done so in the past.

Vice President Harris and Governor Walz Will Bring Jewish Values and Traditions into the White House.

Vice President Harris and Second Gentleman Douglas Emhoff — the first Jewish principal in the White House — are proud to observe Jewish traditions and share those traditions with the American people.

The Vice President has marked a series of Jewish firsts: the first mezuzah on the doorpost at the Vice President's Residence, first Passover Seder at the Residence, and first menorah lighting at the Residence.

Vice President Harris has deep ties to the Jewish Community going back to her childhood. As a young girl growing up in the Bay Area in California, she used the ubiquitous blue and white tzedakah boxes to collect donations on behalf of the Jewish National Fund to plant trees in Israel.

Trump is a Threat to American Democracy.

Trump's Project 2025 agenda would give him unprecedented, unchecked power to do whatever he wants.

A second Trump term would be even more dangerous than his first because there will be no guardrails. He promises to purge the government of anyone not sufficiently loyal and replace them with his extreme loyalists. With virtually unlimited immunity from criminal prosecution for crimes committed in office due to the Supreme Court's decision this summer, he is even less constrained—and he is threatening to rule as a dictator on “day one.”

Vice President Harris and Governor Walz have Fought Against Antisemitism their Entire Careers.

Vice President Harris led the fight against antisemitism in the Senate. Vice President Harris's first legislative accomplishment as a U.S. Senator in 2017 was introducing and passing S.Res.118, a bipartisan resolution to combat antisemitism.

As District Attorney, Vice President Harris prosecuted hate crimes, successfully prosecuting and convicting a man who attacked and attempted to kidnap Nobel Peace Prize winner and Holocaust survivor Elie Wiesel of a hate crime.

Vice President Harris helped implement the first national antisemitism strategy. At the Vice President's encouragement, the Second Gentleman has taken a lead role in developing the first-ever National Strategy to Counter Antisemitism, which contains over 100 specific, actionable steps to end the scourge of hate.

Governor Walz has repeatedly condemned acts of antisemitism around the country. When campus protests broke out, the Governor supported Jewish students and on the one year anniversary of the deadly attack at the Tree of Life synagogue proclaimed Commitment to Combat Antisemitism and Hatred Day in Minnesota.

Trump Espoused Dangerous and Hateful Antisemitic Tropes and Legitimized and Enabled White Supremacists.

Trump has legitimized white supremacists. He praised some of the neo-Nazi marchers in Charlottesville who chanted “Jews will not replace us” as “very fine people.”

Trump has reportedly said Adolf Hitler did “some good things.” He dined at Mar-a-Lago with white nationalist Nick Fuentes. Fuentes previously said “perfidious Jews” should be executed.

Trump engages in antisemitic tropes all the time.

He has shared antisemitic memes suggesting his opponent was controlled by Jews and their money, and has repeatedly endorsed a racist, antisemitic conspiracy theory pushed by neo-Nazis against Jews and immigrants.

Vice President Harris and Governor Walz Have Displayed Their Unwavering Commitment to the Security of Israel Throughout Their Careers.

Vice President Harris will always stand up for Israel's right to defend itself and ensure Israel has the ability to defend itself. The Vice President consistently voted to support Israel in the Senate, and since October 7 has been clear that Israel must never again face the horror that the terrorist organization Hamas caused. She has been outspoken about Hamas’ unspeakable sexual violence on October 7.

The Vice President has engaged regularly with families of Americans held hostage and has been working relentlessly to bring all of the hostages home. She has also met with former hostages.

Vice President Harris was a critical partner to President Biden as they defended Israel from an unprecedented Iranian attack in April 2024. The Vice President stood with the President and his national security team helping coordinate the response, the night the United States and Israel prevented 300 missiles, UAVs, and rockets fired by Iran and its proxies from reaching their targets.

Vice President Harris has been relentlessly working to get a hostage deal and ceasefire done. She and President Biden are working to end this war, such that Israel is secure, the hostages are released, the suffering in Gaza ends, and the Palestinian people can realize their right to dignity, security, freedom, and self-determination.

Governor Walz has been steadfast in his support of Israel throughout his political career. including his 12 years in Congress. As a Congressman, he voted to expand the strategic partnership between Israel and the U.S., and to provide aid for Israel's defense.

Donald Trump Has Made It Obvious He Would Turn On Israel In A Moment If It Suited His Personal Interests, And In Fact He Has Done So In The Past

Trump's former national security advisor said Trump will turn on Israel. John Bolton said, “Trump’s support for Israel in the first term is not guaranteed in the second term, because Trump’s positions are made on the basis of what’s good for Donald Trump, not on some coherent theory of national security.”

Trump mocked Israel after October 7. Only five days after October 7, Trump mocked Israel for being unprepared for the attack and complemented Hezbollah for being “very smart.”

Trump opposed and JD Vance voted against a bill to provide security assistance to Israel. Trump opposed the \$14.3 billion in support for Israel as part of the national security supplemental that Vice President Harris and President Biden pushed through Congress after October 7 including billions for missile defense, and his running mate JD Vance voted against it.

Vice President Harris and Governor Walz are Leading the Fight To Protect Reproductive Freedom and Access to Women’s Reproductive Health Care.

Vice President Harris is leading the Biden–Harris Administration’s response to the overturning of Roe v. Wade. She is working to strengthen access to reproductive health care, including contraception and IVF.

As President, Kamala Harris will sign a law to restore reproductive freedom so that women in every state can access the reproductive health care they need.

Donald Trump Brags About Overturning Roe v. Wade and Ripping Away a Fundamental Right That Women Had for Nearly 50 Years.

Trump is “proudly the person responsible” for getting Roe v. Wade overturned, unleashing cruel abortion bans across the country. Many of these bans have no exceptions for rape or incest. Now, as a result, more than a third of American women live under a Trump Abortion Ban.

Trump said that women should face “punishment” for having an abortion. He promised to be “leading the charge” in banning abortion nationwide. His Project 2025 agenda would rip away abortion rights in all 50 states—and threaten access to IVF and contraception. Trump and Vance have refused to protect access to IVF for families across the country.
